Built by farmers for farmers...we understand!

Exact[®]
Harvesting Systems

Why should you use a conditioner?

MINIMIZE DRYING TIME

- Conditioning allows up to **50% less drying time** on the orchard floor
- Less drying time means less insect damage to your product
- Cutting drying time means you can resume irrigation sooner

EQUALIZE THE DRYING PROCESS

- More consistent meat moisture provides better turnouts from the huller
- Experience better stockpile drying

STICKS AND DEBRIS REMOVAL

- Remove stick and debris for easier, smoother harvest
- Larger stick bin for more distance before dumping
- Stick belt dumps left or right for better flexibility

MAXIMIZE PRODUCT VALUE

- Conditioning maintains lighter kernel color in your product
- You'll find fewer chipped, scratched, and broken nuts in your harvest

IMPROVE YOUR BOTTOM LINE

- Reduce harvester maintenance and the costs that go along with it
- You'll be able to increase your harvester speed, cutting labor costs
- Eliminate the need for stick removal hand crews
- Process your product quicker to take advantage of early shipment premiums

EXCELLENT FOR WALNUT GROWERS

- Increase efficiency of your harvester.
- Leave more hulls in the orchard.
- Leave sticks at the orchards edge.
- Send cleaner product to the processor.
